

BREW. SHARE. ENJOY.™ HOMEBREW STARTER KIT

Official NORTHERN BREWER Instructional Document

THE BREW. SHARE. ENJOY.™ STARTER KIT CONTAINS:

BREWING EQUIPMENT

1. 6.5 gallon plastic fermenter
- with fermenter lid
2. 6.5 gallon bucket
- with 1 inch hole for spigot
3. Airlock
4. Beer Ingredient Kit

5. 5 gallon kettle

6. 21" Stainless Steel Spoon

SIPHONING EQUIPMENT

7. Auto-Siphon
8. 5 foot length of 5/16" ID tubing
9. Siphon tube holder

BOTTLING EQUIPMENT

10. Spigot assembly

11. Bottle filler

12. Bottle capper

13. Bottle caps

SANITIZING & CLEANING EQUIP.

14. Bottle brush

15. Cleaner/Sanitizer

ASSEMBLY

INSTALL SPIGOT ON BOTTLING BUCKET.

- Slide white o-ring over threads on spigot.
- Place spigot through hole in bucket so threads are on the inside.
- Screw plastic nut down, tighten by hand.
- Test with water before use.

AUTO-SIPHON ASSEMBLY.

- Slide one end of the 5/16" siphon tubing over the shorter, hooked end of the auto-siphon's smaller tube.
- Slide hooked tube inside larger tube.

BOTTLE FILLER.

- Slide one end of the 5/16" tubing over the open end of bottle filler.
- Slide the other end of the tubing over the bottling spigot when you are ready to bottle.

YOU WILL ALSO NEED:

EMPTY BEER BOTTLES – 5 gallons of beer will fit into 54 12-ounce bottles. These need to be pry-off bottles (not twist-off). You won't need these for at least a week.

ONCE YOU'VE BREWED YOUR FIRST BATCH AND FALL IN LOVE WITH HOMEBREWING, you'll want to add some equipment to save time and produce better and better beers. A keg system, wort chiller and a burner are just a few items that will help you raise your game.

You can find these and more at northernbrewer.com

CONGRATULATIONS ON YOUR PURCHASE OF A NORTHERN BREWER STARTER KIT!

BREWING BEER IS EASY AND FUN. WE WANT YOUR VERY FIRST BATCH OF
BEER TO TASTE GREAT AND IMPRESS YOU AND YOUR FRIENDS.

HERE'S HOW TO GET STARTED.

1. CHECK OUT YOUR EQUIPMENT.

There are many pieces of equipment included in this kit; some you'll use all the time and others you'll use occasionally. Take a look at the back side of this sheet for your kit inventory and make sure you received everything listed. Follow the assembly instructions for the handful of items that require some simple assembly.

2. REVIEW INSTRUCTIONS.

Review the laminated instruction sheet. Keep it handy for a reference on brewing day.

3. PLAN YOUR BREW DAY.

For your first batch of beer, set aside about three hours. Read over the instructions that come with your beer recipe kit to familiarize yourself with the process.

SOME USEFUL TIPS ON BREWING:

1. NEVER PUT BOILING OR VERY HOT LIQUID INTO YOUR FERMENTOR.

It will shatter glass or melt plastic.

2. KNOW YOUR BREWING CHEMICALS!

Your kit includes a cleaner/sanitizer for maintaining your equipment. Be sure to clean and sanitize thoroughly. Use it as a cleaner to get tough sediment and gunk off your equipment. It will sanitize your equipment before it contacts beer as well.

3. KEEP YOUR YEAST HAPPY.

When you receive your yeast, put it in the fridge. Make sure your yeast is good the day before starting your brew. For Wyeast liquid yeast that means smacking the pack as directed to make sure it inflates. For dry yeast, just check the expiration date printed on the pack.

WE'RE SURE THAT YOU'LL ENJOY HOMEBREWING AND LOVE THE BEER THAT YOU MAKE.

IF YOU HAVE ANY QUESTIONS ALONG THE WAY, PLEASE GIVE US A CALL AT:

1.800.681.BREW, 9AM-6PM CST, ANY DAY OF THE WEEK.

IF YOU'RE CURIOUS WE ALSO SUGGEST THAT YOU CHECK OUR VIDEO LIBRARY AT NORTHERNBREWER.COM

THE LIBRARY IS FULL OF "HOW-TO" VIDEOS ON DIFFERENT BREWING TECHNIQUES,
PRODUCTS & INTERVIEWS WITH HOMEBREWING EXPERTS.
